

MAPR 2026 – Call for Papers

9th International Conference on Multimedia Analysis and Pattern Recognition

Hue, Vietnam – August 13–14, 2026

Technical Sponsor: Vietnam Association on Pattern Recognition (VAPR)

MAPR 2026 provides a forum for researchers and practitioners to share findings and foster collaborations in AI, pattern recognition, multimedia, and emerging domains. Submissions are categorized into three focused tracks.

Conference Tracks

Track 1: Foundations of AI and Machine Learning

Deep Learning, Statistical/Structural Pattern Recognition, Transfer/Federated Learning, Explainable AI, Reinforcement Learning, Graph Learning.

Track 2: Computer Vision, Multimedia, and Language Processing

Image/Video Processing, Object Detection, Face/Gesture Recognition, Audio/Speech Processing, Large Language Models (LLMs), NLP, OCR, Document Analysis.

Track 3: AI Applications and Emerging Domains

AI in Healthcare (Medical Imaging, Predictive Modeling), Cybersecurity, AI Hardware/VLSI, Edge AI, Visual Inspection, AI for Social Good & Education.

Submission Guidelines

- Submit original, unpublished papers in English.
- Follow the IEEE standard conference template.
- Maximum of 6 pages (including figures, tables, and references).
- Submissions must be anonymous for double-blind peer review.
- Accepted and presented papers will be submitted for inclusion into IEEE Xplore.

Important Dates

Paper Submission Deadline	April 30, 2026
Acceptance Notification	June 30, 2026
Camera Ready & Registration	July 6, 2026
Conference Dates	August 13–14, 2026

Contact: mapr@uit.edu.vn

We look forward to your contributions and to welcoming you to Hue, Vietnam!
